Vorreakboth Chhoeurn

System Engineer @ Mobile C&C | Cisco Certified
Phnom Penh, Cambodia

Summary

As a System Engineer at Mobile C&C, I use my bachelor's degree
in computer science and my skills in Linux Server, and System
to deploy Core Banking System and Bakong System. I have over
two years of experience in this role, and previously I worked as
Android App Developer, iOS App Developer, and Linux System
Administrator, where I gained valuable experience in mobile app
development and server management. I am passionate about using
technology to solve problems and create value for customers and
stakeholders. I enjoy working with a diverse and collaborative team
that shares my vision and values. I am always eager to learn new
skills and technologies that can help me improve my performance
and deliver quality results.
